PROFESSIONAL SUMMARY

Front-End Engineer with 4 years of experience, fluent in Next.js, React, JavaScript, TypeScript, and Tailwind CSS. Proficient with libraries like shadcn, Framer Motion, and GSAP, I've built responsive, high-performance websites as a freelancer for diverse clients. I contributed to the frontend production of [Lenslyst.com](https://lenslyst.com)—a SAAS platform for creatives to store and share images—and recently developed a Google Drive-inspired cloud storage system. Passionate about crafting seamless user experiences and solving complex technical challenges, I'm ready to bring my expertise to a dynamic Software Developer role.

TECHNOLOGIES AND LANGUAGES

- Languages: HTML, CSS, Javascript, Typescript, TailwindCss
- Technologies and Frameworks: React, NextJs, Redux, Git, GitHub, NodeJs, Shadcn, Figma, Framer Motion, GSAP
- Other Libraries: Appwrite, Radix-ui, Chakra-ui

WORK EXPERIENCE

LENSLYST

Frontend Developer

Accra, Ghana

01 / 25 - PRESENT

- Developed dynamic, reusable components to streamline development processes and reduce front-end code complexity.
- Optimised performance, reducing load times by over 20%, and enhancing user engagement.
- Implemented key features that improved user interaction and usability across various devices.
- Implemented a Gallery feature with a modal and thumbnails and a scrolling to next image transition effect
