PROFILE

Front-End Engineer with 3 years of experience, fluent in Next.js, React, JavaScript, TypeScript, and Tailwind CSS. Proficient with libraries like shadcn, Framer Motion, and GSAP, I've built responsive, high-performance websites as a freelancer for diverse clients. I contributed to the frontend production of Lenslyst.com—a SAAS platform for creatives to store and share images—and recently developed a Google Drive-inspired cloud storage system. Passionate about crafting seamless user experiences and solving complex technical challenges, I'm ready to bring my expertise to a dynamic Software Developer role.

EDUCATION

BSC. CIVIL ENGINEERING

Kwame Nkrumah University of Science & Technology

2018 - 2022

SENIOR HIGH SCHOOL

Okuapemmam School

2015 - 2018

+233 55 976 5572
